MANISH VISHWAKARMA

+91 7238970424 | manishvish7238@gmail.com | github.com/Mvmanis | linkedin.com/in/manish-015

EDUCATION

- **Bundelkhand Institute of Engineering and Technology (BIET) Jhansi , India**
  B.Tech (Computer Science Engineering) – (2018 – 2022)   CGPA : 7.7 (3rd Year)

COURSES

Coding Club India - (Java Web Development)
- This is a java web development course which I have completed from coding club India. In which I have learnt **HTML** , **CSS** , **JavaScript** , **Spring MVC** and **Postgres** Database.

Coding Club India - (DSA)
- The DSA Course which I have completed from Coding Club India and solved 300+ problems on various platform like leetcode , interviewbit and Hackerrank.

PROJECTS

- **Wikipedia Fetcher**

Developed a platform to query over wikipedia. API can help to get basic information for any query. Results can be served in two formats as JSON as well as HTML format. Spring MVC was used for serving in the backend. Backend process involves calling wikipedia.org to fetch raw data, which is eventually parsed and cleaned to get the output. Tested the project for 300+ queries like "India", "America", "Einstein" etc.

- **Twitter Clone**

Developed a platform where everyone can post their tweet which can be shown to followers. Worked on implementing features like Login, Signup, Create Tweet, Follow User, Unfollow user and UI screens. Used **Postgres** as database, **Spring MVC** framework for back-end, **Jquery**, **Html** , **CSS** ,and **Javascript**. REST APIs were tested to take *average serving speed below 50 ms* on localhost.

- **KishanMitra**

This is a team project of 5 members where I have totally worked on frontend , This is web project to provide a better communication system for the Farmers and interested Buyers which help them to accelerate their business and possibly more profit. (link) - **codebiet/KishanMitra**

TECHNICAL SKILLS

- **Programming Language :** C++ , JAVA , PYTHON
- **Framework/Libraries :** SPRING MVC
- **Databases :** POSTGRES
- **Frontend :** HTML5 , CSS3 , BOOTSTRAP , JAVASCRIPT
